Technical Notes

Total numbers only of marriages, absolute divorces and annulments are reported by county courts to the Oklahoma State Department of Health (OSDH). Marriage and divorce rates calculated are based on the total number of marriages, absolute divorces and annulments per 1,000 Oklahoma resident population. Data are tabulated on decrees issued in the state of Oklahoma, not by State of Residence. Therefore, marriages, divorces and annulments issued out of state to Oklahoma residents are not included while marriages, divorces and annulments issued in Oklahoma to out of state residents are included. Year of decree is defined as the year the decree was granted.

Viewed at either the individual level or the population level, marital status is a key variable in health, demographic, and policy research. As a result, national data on current marital status and on change in marital status is collected through a variety of Federal surveys and data systems. Among these systems are health surveys conducted by NCHS, the Current Population Survey conducted by the U.S. Bureau of the Census, and the records-based vital registration system conducted as a cooperative venture (the VSCP) between NCHS and the States. Within the VSCP, current marital status data are collected from birth certificates in the birth registration system resulting, for example, in data on out-of-wedlock births. Marital status is also collected from death certificates in the death registration system.

Revisions to marriages, marriage rate, divorces, and divorce rate for 2017 for McClain, McCurtain, McIntosh, Major, Marshall, and Mayes counties were made in September 2019.

Additional national data for marriages and divorces can be found <https://www.cdc.gov/nchs/nvss/marriage-divorce.htm>.
